

Do you implement a multi-tiered support system at your school?

Study Purpose: To recognize the supports that teachers need to carry-out behavioral interventions in a multi-tiered systems of support successfully in their classroom.

You are eligible for this study if you:

1. Are working in a public school in the U.S.
2. Are a lead teacher currently teaching preschool to second grade
3. Are currently carrying out behavioral interventions through a school-wide or classroom MTSS system

You will be asked to:

1. Complete an interview online
2. Share papers you have from your school relating to MTSS
3. Review Interview log
4. Complete a follow-up form

Questions you may be asked:

1. Your background
2. Current thoughts and supports about MTSS behavioral interventions
3. Supports you need
